## **New Pharmacy Services**

Framlingham Medical Services Ltd (FMS Ltd) has applied to Suffolk PCT for a licence to open a pharmacy at the surgery in Pembroke Road. FMS Ltd is a company that is separate from the GPs who work at the surgery. However, the GPs at the surgery are in agreement with FMS Ltd that FMS Ltd may use the surgery premises for their pharmacy, should they be granted a licence.

It has been suggested that the application has been made with the intention of 'closing' the existing pharmacy in Framlingham. This is categorically untrue. We would like to assure the residents of Framlingham that the intention is to provide greater choice of, and improved pharmaceutical services to them.

If you have any questions, please contact FMS Ltd at their registered address (above).
