Dear Patient

Re: Shingles Vaccination

We are unfortunately not allowed to provide Private shingles vaccines to our own registered NHS patients due to a conflict of interest concerns.

However we have in place a reciprocal agreement with local GP practices where you can receive the vaccine.

The Vaccine will cost you £180.00.

If you would like to have the vaccine simply choose the surgery you would like to go to and contact their Reception to arrange.

Chosen Surgery:

- The Peninsula Practice- 01394 411641
- Framfield House-01394 615500
- Wickham Market Medical Centre-01728 747101
- Little St Johns Street -01394 382046
- Debenham Practice-01728 860248

Yours sincerely

Dr Wright & Partners
