

Covid Vaccination Programme - Cohort 6

The next cohorts of patients being invited for Covid vaccination include carers and 'at risk' patients aged 16-65. The 'at risk' include:

- Chronic respiratory disease
- Chronic heart disease and vascular disease
- Chronic kidney disease
- Chronic liver disease
- Chronic neurological disease, including severe or profound learning disability
- Diabetes
- Immunosuppression
- Asplenia or dysfunction of the spleen
- Morbid obesity
- Severe mental illness

Patients 'at risk' are defined by NHS England. This group is very large and it will take several weeks for everyone to be invited to book an appointment for vaccination. We will only invite patients when we know we have vaccine available.

Over the next few weeks we will be sending out a combination of text and letter invitations to the patients of the 28 GP practices we are working with. Until you receive this invitation please do not contact your GP practice or the Federation.

If you have not received an invitation please do not call our booking line as we cannot assist you and you will not be able to make an appointment.

The Federation is working with the following 28 GP practices:

- Barham & Claydon;
- Burlington Road, Ipswich;
- Chesterfield Drive, Ipswich;
- Combs Ford;
- Deben Road, Ipswich;
- Debenham;
- Derby Road, Ipswich;
- Eye;
- Felixstowe Road, Ipswich;
- Framlingham,
- Framfield House, Woodbridge;
- Fressingfield;
- Glemsford;
- Hawthorn Drive, Ipswich;
- Haverhill Family Practice;
- Holbrook & Shotley;
- Little St John's, Woodbridge; Mendlesham;
